Samples are available on request - please visit www.divisnutraceuticals.com

Beside our standard product portfolio Divi's Laboratoires is also in a position to provide customized ingredient solutions in liquids, beadlets and powder forms. For information please contact our local representative office (addresses see first page).

* The data contained herein are based on our current knowledge and experience. This does not relieve the company producing and/or placing a product on the market from carrying out own investigations and tests. These data neither guarantees certain properties nor the suitability of the product for a specific purpose. Data given herein may change without prior information and is not to be considered as part of our terms and conditions of sale.

* The national regulatory requirements for food, food/dietary supplement, pharmaceutical, cosmetic and feed products vary greatly around the globe. As a raw material supplier, Divi's Laboratories do not take any responsibility for the regulatory compliance of finished products in individual markets. This obligation rests exclusively with the company producing and/or placing on the market the final product formulation and the respective local regulatory authorities.
